

RE: 02-278

I signed up for Indiana's NO CALL LIST for a reason. If I want to communicate with someone that I do business with, I will initiate that transaction. I will never (again) pay for Caller ID on my home phone to put an end to unwanted calls. Any person or company that I currently do business with that initiates an unwanted call will cease to be a company that I do business with. I haven't done business with Sears for over 30 years, Marsh Supermarkets for 4 years, etc. I am far from the only person with a very long memory who shuns an offending business. Pass that along to these bottom feeders who have no respect for my time! This is the price they pay when they harrass people simply because we find it necessary to have a phone line.
